

N520 LED

NORDIC LIGHTS® N520 LED driving light is an ideal heavy-duty headlight/indicator solution on a pedestal mount. The light integrates a halogen headlight and park light with an LED indicator in one assembly. The N520 LED is ECE-approved.

Not all products are available in all markets. During continuous improvement specifications and design are changing. All values are nominal values. Illustrations do not necessarily show the design of every version and some features are version specific. The lumens output varies depending on lens colour.
